

GIS2GPS TEAM **PRESENTS:**

Have GPS Will Travel

*The Ultimate GPS Hands-On Workshop
for Educators!*

Experience the ultimate GPS hands-on workshop for educators. This class is a hands-on introductory level class to GPS units. This class is for all 3rd –16th grade educators who wish to learn what GPS is and how to use it as a tool with their students in the classroom.

Teachers will learn how these devices function, and why they are important in the educational environment. Teachers will also have the chance to try out different types of GPS units.

Learn about ecocache sites that let you experience science and nature in action - its landscape, its formation, its geology or the visible features that have a story to tell.
